CSHE ORANGE COUNTY CHAPTER EDUCATION

Healthcare Disaster Preparedness

Environmental controlled response
plan to protect the health of
patients, employees, and staff.

Floods - Fire - Mold

Proper space containment during
an unplanned event.

MONICA ELLIS:

CERTIFICATION WITH THE INSTITUTE OF
INSPECTION CLEANING, RESTORATION, AND
CERTIFICATION (IICRC) FOR WATER DAMAGE
OSHA CERTIFIED

EMERGENCY AND DISASTER PLAN:

DOCUMENT RECOVERY AND RESTORATION X-RAY
DAMAGE, FIRE/SMOKE, ODOR CONTROL, AND
WATER DAMAGE

Healthcare Construction Environment

Utilize temporary climate control
to maintain indoor air quality and
specified moisture levels during
construction.

Indoor Air Quality

Proper moisture control reduces
the threat of mold growth and
maximizes performance of
building materials and prevents
construction delays.
