LED Lighting in Healthcare – Technologies and Trends

LED Lighting is utilized more and more on healthcare campuses these days. Continued advances in technologies combined with reductions in cost make LED lighting more attractive. This presentation will explore the trends and advances in LED technologies, and look at the opportunities for applying LED lighting on a healthcare campus

Presented by: Presenter TBD

Location:

J&M Keystone
2709 Via Orange Way, Suite A
Spring Valley, CA 91978/619-466-9876
