

**California Society for Healthcare Engineering, Inc.  
Central Valley Chapter Meeting**

**Thursday, March 18, 2010  
6:00 p.m.**

**Dameron Hospital  
525 W. Acacia  
Stockton, CA 95202**  
Click [HERE](#) for a map.

**The Annex Bldg on the corner of Lincoln and Acacia.**

**Topic: Learning to take the mystery out of sampling for mold:  
When to sample and when not to**

**Presentation:** When to (and when not to) sample for mold. The CDC Guidelines for Environmental Infection Control in Healthcare Settings call out specific times when mold sampling is recommended. Also they provide some guidance on what to look for. Short session on mold sampling. Also a brief show on hand hygiene for engineers.

**Speaker: John Martinelli**  
Corporate Director, Healthcare Services  
Forensic Analytical

**RSVP** to Paul Martinez at (209) 242-7045 or [p.martinez@dameronhospital.org](mailto:p.martinez@dameronhospital.org) by Tuesday March 16<sup>th</sup>.
